At Shriners Children's, we are committed to reaching as many children as possible, wherever they may live, and offering them our unique, patient-centered, wraparound care. Since opening our first hospital in 1922, we have been devoted to providing high-quality specialty medical care to the children and families who come to us, regardless of their ability to pay or insurance status. As we celebrate close to 100 years of pediatric specialty care, our commitment hasn't changed – only expanded. Our three-part mission has one goal: to change and improve lives. We do this by caring for our patients, conducting research to gain knowledge and develop new treatments, and providing educational opportunities for physicians and other healthcare professionals.
